Brigham Young's Prophecy Gift.

[From the San Francisco Chronicle.]
There is hardly a day that some startling development in the physical world does not reveal itself, assuming form and force sufficient to be characterized as phenomenal. The Gentiles have for many years doubted and derided the prophetic gifts claimed by Brigham Young, conceding to him only that consummate shrewdness and cunning which enabled him to make capital out of the bigotry and superstition of the weak and ignorant. Certain current events, however, will serve to strengthen the Mormon faith in Brigham's powers of divination, and convince them that the Prophet's mantle has really fallen upon the shoulders of this modern vaticinator. The Chronicle is the first to reveal a bit of startling history in connection with the foresight of the leader of the Latter Day Saints.

It is well known that for the past twelve months the grand project for transferring the Mormon population to New Mexico has been under consideration by Brigham and his emissaries. As already reported by the Chronicle, Gov. Asahel, formerly of Utah, but now Governor of New Mexico, has for months been quietly working with this end in view, paving the way for the establishment of a new Mormon empire. The world has been puzzled to know why the Latter Day Saints, after working for more than a quarter of a century to build up Zion in Utah, should be willing to abandon all the magnificent improvements of the Great Salt Lake Valley, and become once more pioneers of the wilderness. But the inciting cause is now as palpable as it is inevitable and irresistible. The great Prophet by his powers of divination has discovered why the Great Salt Lake has been rising at the rate of twelve inches every twelve months for many years. There is, as is well known, no surface outlet to the waters of Salt Lake, although several streams of considerable volume are continually discharging their waters into the lake. In the opinion of all scientific explorers of this inland saline sea there has existed a subterranean outlet through which its surplus waters have flowed. But Brigham's prophetic eye has discovered that this outlet has been gradually choking up by precipitations of vast quantities of chloride of sodium, damming the waters of the lake as well as the future hopes of Mormondom. It is only a question of time when this subterranean wastage shall be completely closed, and then a single spring flood in all the tributary streams will cause the lake to overflow its bounds and submerge the entire Salt Lake Valley. This result being inevitable Brigham is more than anxious to flee from this second deluge before the engulfment and ruin of the new City of Zion. He has no time to emulate the example of Captain Noah and build arks for his numerous followers, but prefers to slide quietly away to New Mexico, leaving the hat of Gentiles, who have so unceremoniously invaded his kingdom, to enjoy the great salt water bath soon to be provided for their accommodation. In the interests of humanity, however, and as a timely warning against an impending disaster, we feel constrained to divulge the true reason for the contemplated Mormon exodus from Utah.

OLD FOLKS' CONCERT AT NORFOLK.—The Norfolk papers describe this long-anticipated event, which came off Monday night, as an entire success, and one of the most brilliant and interesting spectacles ever witnessed. The Landmark says: "At 9:45 o'clock the reception hall entrances were thrown open, and as the Naval Post Band struck up an old-time march a procession of ladies and gentlemen, dressed in the rich costumes of the last century, entered. At the rear of the hall stood General and Lady Washington, surrounded by a brilliant throng. Colonel William Byrd and Christopher Calveret acted as ushers, and announced names and titles of the guests as they approached. Every one was received with characteristic dignity and grace, not only by the illustrious personages, but by all composing their immediate circle." Among those present who are well known in Alexandria were: Mrs. Arthur C. Freeman, who is described as looking very charming in a rich brocade, once white, but followed by age, embroidered with silk and silver flowers, and with an amber satin petticoat. This dress has been in her family for five or six generations. Miss Lucy Blackwell, silk dress with a sash, was seen at the first concert given last given by Washington. On the ends were pictures of Washington, surrounded by patriotic emblems. Miss Eliza Cowley, in a white satin with point lace.

AN ELYSIUM FOR LAZY MEN.—A North Carolina letter says: "Well, we are lazy in North Carolina, that's a fact. But there is no need of working here. If a man has energy enough to dig a worm he can take a pinhook and sit down on the wharf and catch fish enough in one day to last him two. If he is too lazy to dig a worm he can take a piece of flannel rag on a string and catch enough crabs to last him a day or two, and if he is too lazy to tie a piece of flannel to a string he lays down on his back on the sand at ebb tide, opens his mouth, and when the tide comes in the crabs run into it. What need is there of work in a country for which nature has done so much?"

MEDICAL.

TAKE

Simmons' Liver Regulator

For all Diseases of the Liver, Stomach and Spleen.

After Forty Years' trial it is still receiving the most unqualified testimonials of its virtues from persons of the highest character and respectability. It is eminently a Family Medicine, and by being kept ready for immediate resort will save many an hour of suffering and many a dollar in time and money.

DOCTORS' BILLS.

Your Regulator is one of the best family medicines I ever used. I have not spent one dollar for my family for medicine in five years, only for your Regulator, and must say it does all it says it will. You can also recommend it in Colic for Stomach, it having cured a fine male of nine worth five hundred dollars.—(J. A. Nelson, Macon, Ga.)

The Liver, the largest organ in the body, is generally the seat of the disease, and if not regulated in time great suffering, weakness and DEATH will ensue.

If you feel DULL, DROWSY, DEBILITATED, have frequent Headache, MOUTH TASTES badly, poor Appetite and Tongue Coated, you are suffering from Torpid Liver or "Biliousness," and nothing will cure you so speedily and permanently.

Hon. Alexander H. Stephens.

"I occasionally use, when my condition requires it, Dr. Simmons' Liver Regulator, with good effect."—(Hon. Alex. H. Stephens, Governor of Alabama.)

"Your Regulator has been in use in my family for some time, and I am persuaded it is a valuable addition to the medical science."—(Gov. J. Gill Shorter, Ala.)

"I have used the Regulator in my family for the past seven years. I can safely recommend it to the world as the best medicine I have ever used for that class of diseases it purports to cure."—(H. F. Thielen.)

Baltimore Episcopal Methodist.

This medicine is acknowledged to have no equal as a Liver Medicine, containing those Southern Roots and Herbs which in an all-wise Providence has placed in countries where Liver Diseases most prevail.

Lady's Endorsement.

"I have given your medicine a thorough trial, and in no case has it failed to give full satisfaction."—(Ellen Meacham, Chatham, N. C.)

Professional.

"From actual experience in the use of this medicine in my practice I have been, and am, satisfied to use and prescribe it as a purgative medicine."—(Dr. J. W. Mason.)

Florida M. E. Conference.

"I have used Dr. Simmons' Liver Regulator in my family for Dyspepsia and sick Headache, and regard it an invaluable remedy. It has not failed to give relief in any instance."—(Rev. W. F. Eslerling.)

President Oglethorpe College.

"Simmons' Liver Regulator is certainly a specific for that class of complaints which it claims to cure."—(Rev. David Willis, my 11)

ENCOURAGE HOME MANUFACTURE.

I am now manufacturing a good and cheap PAINT, of several colors, the body of which is equal to Lead and Oil, which for the most part, is made of our own materials, and is an improvement over other cheap imitations now in the market. For brick walls with a northern exposure it will act as a preventive to dampness. For iron it makes a solid and lasting coating. Being of various shades of color, the cornice and trimmings can be painted to suit. This Paint has been used by one railroad company and by many of the farmers in this vicinity, and is highly recommended by all who have tried it. Price, single gallon, 10c per gal. 10 gal. per gal. 1 lb. oil, 40 gallons, 60c per gal. Call and examine samples at 35 King St., under Carriage House.
